EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jed Gordon on 5 August 2005.

The application has been amended as follows:

In claim 45, please replace "Microsoft Word, PDF" in line 2 with --Microsoft Word, PDF, Microsoft Excel, PostScript, Bitmap, GIF, JPEG, and PNG.--.

Allowable Subject Matter

Claims 1-3,5,8-10,14,19,22,26,29-34 and 40-53 are allowed.

The following is an examiner's statement of reasons for allowance: the amendment to the claims filed 27 December 2004 is sufficient to overcome the rejection of record. The amendments further distinguish the claimed invention from the prior art made of record in the previous Office Action dated 19 October 2004, and the prior art made of record and not relied upon in this Office Action. Specifically, the prior art made of record fails to explicitly teach creating a collective internal representation including content from a first and second input byte stream, each byte stream representing a separate, independent digital document. The prior art also fails to explicitly teach mapping converted document objects from an internal representation data format from each byte stream onto locations on a display.

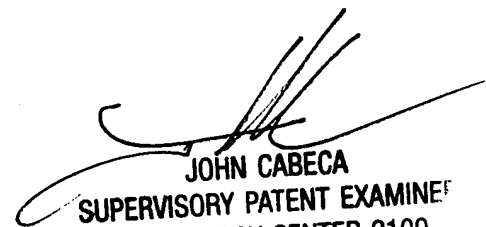

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael Roswell whose telephone number is (571) 272-4055. The examiner can normally be reached on 8:30 - 6:00 M-F.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John Cabeca can be reached on (571) 272-4048. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
